Letter to the cloister sisters

Excerpts from the letter of the cfd director to the sisters of the cloisters

Honorable Mother Superior,

I appeal to the mother and the entire community of the sisters with a fervent request for prayer for the Salvatorian Spiritual Formation Center in Krakow, which is facing a new challenge. [...]

We need your spiritual support. We ask for constant prayers until the end of construction, so that material expansion will contribute primarily to spiritual development and an even greater revival of the apostolic mission of our CFD. The expansion project is relatively large and impossible to implement without the support of god's good people. We want to build on the foundation of divine providence, believing that she will send them to us. Put in yourselves for us in a personal and common prayer [...]

Dear mother, dear sisters, you are included in our prayer of gratitude at the altar of the divine savior. Be with us in our new challenge.

FR. Krzysztof Wons SDS

Director of CFD in Krakow
